CHITA 2023
CONFERENCE ON HEALTH IT AND ANALYTICS

Conference Chair: **Ritu Agarwal**
Program Co-Chairs: **Gabriel Brat**
                     Guodong (Gordon) Gao
                     Jeffrey S. McCullough

DOCTORAL CONSORTIUM CALL FOR PARTICIPATION

We are pleased to announce the CHITA 2023 Doctoral Consortium as a pre-conference event at the 13th Conference on Health IT and Analytics (CHITA). The consortium will be held on **May 4, 2023, from 1–6 p.m. in Washington, DC**. The Doctoral Consortium will provide an opportunity for doctoral students to receive feedback on their research from senior researchers, network and discuss career issues. All interested PhD students and recent post-docs working in the areas of health inforWmation systems, health economics, health informatics, clinical fields and health policy are invited to apply, as we are seeking multi-disciplinary conversations. We especially encourage participation of doctoral candidates engaged in research on health equity and artificial intelligence.

Confirmed faculty advisors include:

- Ritu Agarwal, Carey Business School, Johns Hopkins University
- Gabriel Brat, Beth Israel Deaconess Medical Center and Harvard Medical School
- Gordon Gao, Carey Business School, Johns Hopkins University
- Jeff McCullough, School of Public Health, University of Michigan

APPLICATION PROCESS

Send your CV, a one-page description of your research, and a letter of nomination from your faculty advisor as a SINGLE PDF via email to **cdhai@jhu.edu**. Submissions are due by March 15. Space is limited so please send your application as soon as possible.
