Curriculum

Tailor your Carey coursework your way: synchronous (real-time) and asynchronous (any time) learning—or any combination of the two.

Business foundations (20 credits)

- » Accounting and Financial Reporting
- » Business Analytics
- » Business Communication
- » Business Microeconomics
- » Corporate Finance
- » Leadership and Organizational Behavior
- » Marketing Management
- » Operations Management
- » Statistical Analysis
- » Strategic Management

Business electives (34 credits)

You must earn 34 elective credits to graduate. You may earn up to three specializations using these elective credits, but you are not required to earn a specialization. You are welcome to take any elective courses you like. Specializations are simply a way to help organize your electives by content area. Elective courses may count toward more than one specialization, when applicable.

MBA specializations

- » Business analytics and risk management
- » Digital marketing
- » Entrepreneurial marketing
- » Entrepreneurship, innovation, and technology
- » Financial management
- » Health care management, innovation, and technology
- » Investments
- » Public and private sector leadership

“The leadership skills I learned helped me work in diverse and cross-functional environments. I grew, acted with the mindset of a leader, and pursued life to advance humanity and equality while balancing the requirements of my personal commitments. I also used my learnings to transform new ways of thinking at my organization!”

– **Sabrina Iqbal, MBA '22**
Manager, Enterprise Project Portfolio at Sands Capital Management
