EXAM CRAMS AT THE SSC

Join The Student Success Center for Exam Crams to prepare for your final exams. Led by peer tutors, Exam Crams are group study sessions for some of Carey's most difficult math courses.

WHY ATTEND

Improve your knowledge of key concepts on your final exams. Review with your peers and confidently prepare for upcoming exams.

WHEN

Please review the comprehensive schedule on the back of this document for locations and times.

SESSIONS

PREPARATION

To prepare for the group tutoring session, please have a list of specific questions or concerns that you would like the tutor to address. This list can include specific concepts, problems, chapter material, etc. Bring your textbook and notes and be prepared to ask questions and take notes. Remember, the tutor will not be lecturing to you, and instead will be guiding your final exam group study session as he or she answers you and your peers’ questions and helps you work through problems.

REGISTRATION

2. Click “Search for Availability” on the left side of the page.
3. Choose the location of the event (Online, DC, or Harbor East)
4. Choose the course name as the section.
5. Choose “Exam Cram Group Study Session” as your reason.
6. Click “search” and the session will appear.

---

- The tutor is not a teaching assistant and will not provide a comprehensive course review.
- Tutors are not responsible for modeling an instructor’s specific strategy for solving a problem. If an instructor uses a strategy different than others, it is your responsibility to discuss this with the instructor or a teaching assistant.
- Exam Crams are a non-required additional source of academic support and are not a replacement for attending class or meeting with instructors/teaching assistants.
- Tutors will try their best to answer all questions, but may not have all answers.
- Students should ask specific questions about content they are having difficulty with.
- Students must be physically present to receive assistance; Exam Crams will not be recorded.
