

Student Right to Know Act, Fall 2017

The Higher Education Act of 1965, as amended in 2008, includes many student disclosures and reporting requirements by universities. The following data are provided to comply with the Higher Education Act and [IPEDS](#). However, these counts do not reflect *all* students taking courses at Carey Business School. For example, students enrolled in a dual degree program at Carey are not counted because they are included in the count for the partner school.
